Intern Summative Evaluation Form

Brief Description

The Stony Brook internship provides significant opportunities for candidates to synthesize and apply the knowledge gained during coursework and practice and develop the skills identified in both the building and district level ISLLC Standards 1-6 through substantial, sustained, standards-based work in real settings, planned and guided cooperatively by the institution and school district personnel. Candidates demonstrate the ability to accept genuine responsibility for leading, facilitating and making decisions typical of those made by both building and district leaders. The experiences within the internship provide interns with substantial responsibilities that increase over time in amount and complexity and involve direct interaction and involvement with staff, school board members, students, parents and school and community leaders.

The *Intern Summative Evaluation Form* is the final reporting tool employed at the culmination of the internship and filled out by the cooperating administrator in the host district. It is designed to summarize the level of proficiency attained by the interns in each of the ISLLC standards and provide feedback for personal and professional growth. An intern's performance is evaluated for each standard using a four-point rubric. It represents the main assessment tool within the program's evaluation system.

Alignment to Standards

For purposes of NCATE evaluation, only the results for **ISLLC leadership standards 4A, 4B, 4C, 4D, 6A, 6B, and 6C** will be evaluated by the *Intern Summative Evaluation Form*. This tool will assess the **professional and pedagogical knowledge and skills** necessary to work effectively with students, families, colleagues and other community stakeholders (**community relations**) and the ability to **support student learning and development while working within the larger context**.

- **4A Collect and analyze data and information pertinent to the educational environment.**
- **4B Promote understanding, appreciation, and use of the community's diverse cultural, social, and intellectual resources.**
- **4C Build and sustain positive relationships with families and caregivers.**

- **4D Build and sustain productive relationships with community partners.**
- **6A Understand the Larger Educational Context**
- **6B Respond to the Larger Educational Context**
- **6C Influence the Larger Educational Context**

Scoring Guide

The evaluator (cooperating administrator) uses a 4-point rubric for each of the ISLLC leadership standards listed in this assessment tool. The level of proficiency is to be rated from 1 (Unacceptable) to 4 (Distinguished) using the accompanying rubrics as a guide for the evaluation. Note: Evaluators should use the ELCC sub-elements listed in the boxes for assistance during the evaluation process. Not all of the ELCC sub-elements have to be observed during the internship.
