M/W, 3:30 – 4:50 PM

Prof. Young-Sun Hong

The purpose of this course is to understand state-organized violence and racist terrorism of the Nazi empire. In this course students are also expected to learn the role of war in the Nazi plans for realizing their racial utopia and to understand a more complex understanding of human agency in mass violence. This presumes that students have already taken a survey of modern European history and mastered the basic elements of historical analysis.
