

STONY BROOK UNIVERSITY - CENTER FOR INCLUSIVE EDUCATION  
2018 SUMMER RESEARCH OPPORTUNITY

## REU Site: Nanotechnology for Health, Energy and the Environment

The Center for Inclusive Education REU: Nanotechnology Program is pleased to offer a research opportunity for qualified, academically talented and motivated undergraduates interested in eventually pursuing their doctoral degree in a Science, Technology, Engineering or Math (STEM) discipline at Stony Brook University. The program gives students an intensive research experience with leading researchers in the field.

Participants will work with a faculty mentor and become fully integrated into active research groups using state-of-the-art facilities. Participants will have the opportunity to work closely with their faculty mentor, attend seminars on Research Methods and Graduate School Preparation, participate in workshops and present their research results at the REU Symposium and Closing Ceremony at the completion of the program.

### **DATES:**

Application deadline: February 16, 2018  
Program runs from May 29, 2018 - August 3, 2018

### **PROGRAM COMPONENTS:**

- Full time research supervised by a faculty mentor
- Research Methods and Graduate School Preparation Workshops
- “Mid Week Lunch Seminar” - every week a faculty member will present a topic based professional development or academic workshop
- Poster Presentation at REU Symposium and Closing Ceremony

### **ELIGIBILITY:**

Open to all undergraduate students majoring in a STEM field with a minimum 3.0 GPA. Applicants must have completed at least their freshman year; graduating seniors are not eligible. Applicants must be U.S. citizens or permanent residents.

### **AWARD:**

- Participants will receive a \$4,000 summer stipend for full time research
- Lodging and meals will be provided to all participants. A \$300 travel award will be provided for those participants living more than 75 miles from the Stony Brook Campus
- Priority deadline is February 16, 2018 (rolling thereafter)
