

Suggested Curriculum Program in Neuroscience MD/PhD

First Year

Fall (9 credits)

NEU 521: Intro to Cellular Neuroscience

NEU 522: Intro to Molecular Neuroscience

BNB 555: Rotations

BNB 599: Research

BNB 697: Neuroscience Seminar

*BNB 597: Neuroscience Seminar Series *may be repeated

BNB 567: Statistics and data analysis for neuroscience I: Foundations

MST 501: Selected Topics in Translational/Research Clinical

MST 502: Clinical Scientist Seminar Series

**MD/PhD students should also take a science communication course COM

Spring (9 credits)

BNB 555: Rotations

BNB 599: Research

BNB 697: Neuroscience Seminar

BNB 560: Laboratory in Neuroanatomy

GRD 500: Integrity in Science

MST 501: Selected Topics in Translational/Research Clinical

MST 502: Clinical Scientist Seminar Series

Second Year

Fall (9 credits)

BNB 599: Research

BNB 597: Neuroscience Seminar

*BNB 563: Self Study Topics (Fall/Spring) – GPD approval required prior to permission to enroll

MST 501: Selected Topics in Translational/Research Clinical

MST 502: Clinical Scientist Seminar Series

Spring (9 credits)

BNB 599: Research

BNB 697: Seminar

BNB 565: Advanced Topics in Neuroscience

*BNB 566: Neurobiology of Disease

*BNB 564: Advanced Topics (Fall/Spring) – GPD approval required prior to permission to enroll

MST 501: Selected Topics in Translational/Research Clinical

MST 502: Clinical Scientist Seminar Series

*NOTE: Must take 3 modules prior to end of 2nd year of study and advancement to candidacy (BNB 563, 564, 566, or 597).

Advancement to Candidacy

Thesis Proposal Defense due Spring/Summer of second year of study along with all coursework and 2 semesters of TA work.

Third Year and up

Fall/Spring (9 credits per semester)

BNB 699: Thesis Research

BNB 697: Seminar

MST 501: Selected Topics in Translational/Research Clinical

MST 502: Clinical Scientist Seminar Series

Section numbers – make sure you enroll in the correct sections:

BNB 599 Research for PhD students, has section 2 (off campus) and section 22 (on campus).

BNB 699 has section 22 for on campus dissertation research (for those advanced to candidacy)

BNB 700 is for dissertation research OFF CAMPUS, so this is the class number to enroll in if advanced to candidacy and doing dissertation research at Cold Spring Harbor.

BNB 697 (Seminar Series): section 1 on campus (online for Fall 2020) and section 2 is off campus.
