

The Office of the Vice President for Research is pleased to host:

# NIMH BIOBEHAVIORAL RESEARCH AWARDS FOR INNOVATIVE NEW SCIENTISTS (NIMH BRAINS) TIPS FOR A SUCCESSFUL SUBMISSION

**Tuesday, February 14, 2023 • 12 to 1 PM**

This workshop will provide an overview of the 2023 NIMH BRAINS award, which is intended to support the research and research career advancement of outstanding, exceptionally productive scientists who are in the early, formative stages of their careers and who plan to make a long term career commitment to research in specific mission areas of the NIMH. Funded projects will assist early career investigators in launching an innovative clinical, translational, basic or services research program that holds the potential to profoundly transform the understanding, diagnosis, treatment, or prevention of mental disorders.

**Presented by:**

**Dr. Matthew Lerner**

Associate Professor of Psychology, Psychiatry, and Pediatrics  
Director, Social Competence & Treatment Lab  
Department of Psychology

Dr. Lerner, 2016 award winner for his work: *"Optimizing Prediction of Social Deficits in Autism Spectrum Disorders,"* will provide best practices for submitting a winning proposal.

All faculty and staff are welcome to attend.

**[Please register here](#)** and hold your calendar for this event.

A Zoom link will be sent to all registrants prior to the workshop.

**Questions?**
